Evaluating Canadian Biotech with RCTs

- Qidni Labs Inc
- Qidni/D dialysis system
 - Sorbent rather than diffusion/convection
 - Dialysis **without 100 L ultrapure H2O**
 - Compact / portable

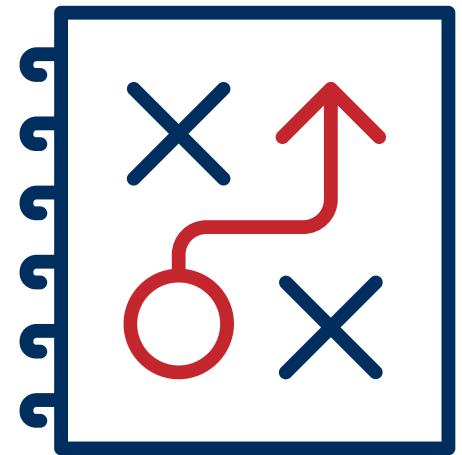

Research Question

- Does the Qidni/D system provide similar quality dialysis to conventional dialysis?

Design

- Crossover RCT
 - 4 weeks treatment A
 - 2 weeks washout
 - 4 weeks treatment B

Updates

- Single treatment phase complete
- Crossover trial protocol drafted
- Regulatory consultations underway
